Rotary Club of Teluk Intan
Perak, Malaysia

Dear fellow Rotarian,

Congratulations on your installation to the office of 2017-18 club president.

There can be no Rotary without the more than 35,000 clubs that are dedicated to enhancing communities and improving lives right around the globe. What makes each club successful is the strong and inspiring team that leads it. You are now a part of that team, which will help strengthen your club by welcoming new and engaged members, and planning service projects that will have the most impact. Your club has already done so much for so many; as a club officer, you can help your club do even more.

There’s a lot to look forward to during this coming year and I know that by working together, we will achieve great things as we continue to serve local and global communities though Rotary: Making A Difference. Congratulations again on your new position.

Sincerely,

Ian H.S. Riseley
President, Rotary International 2017-18
My heartiest congratulations on your club’s 66th Installation of President Kajentheran and his board of directors. I am delighted to be given the opportunity to pen a few words.

This leadership role that you are taking on will give you the fantastic opportunity to not only motivate your club members, but to also ignite a sense of dynamism, compassion and the "Service Above Self" outlook in them.

As we begin this Rotary Year, we will undoubtedly be welcoming many new leaders, fresh ideas and new goals. As Rotarians, we will continue to change lives and make a positive difference through our service locally and globally which is the theme for the coming year “Rotary: Making A Difference”.

Every member has a vital role to play in realising the strategic plan set by the Rotary International Board’s 3 areas of focus for the Rotary Year 2017-18, which are:

1. **To support and strengthen clubs** - Increase club memberships, diversity and engagement.
2. **Focus and increase humanitarian service** - Engage Rotarians, youths, Rotary alumni and the public in Rotary programs.
3. **Enhance Rotary’s public image and awareness** - A positive public image improves your club’s relationship with your community and attracts prospective members.

I take this opportunity to say kudos to the President and his committee for organising this Installation dinner. I also say thank you to the Outgoing President Paramanathan and his board members for their past services to the community, less fortunate and for their continued support to the Incoming President and board.

Dr Manohur Kurup  
District Governor 2017-18  
Rotary International District 3300
Dear Distinguished Guests, Fellow Rotarians, Family and Friends of Rotary,

Welcome to the Installation Banquet of our 66th President and the Board of Directors.

It was in 1952, that the Rotary Club of Ipoh chartered the Rotary Club of Teluk Anson. This was the first club to be chartered after the Second World War and the sixth in the then Federation of Malaya; the others being Rotary Clubs of Seremban, Kuala Lumpur, Ipoh, Penang and Taiping.

Since then year after year the Presidents and the members have kept the torch alight providing services to the needy, complementing the work of various government agencies. We have acted as catalysts in bringing about a positive change in the communities. We have assisted individuals, families and communities to have facilities that all of us take for granted – Health, Education and Literacy, Sanitation and Water.

I would like to congratulate the outgoing President Paramanathan Karuppanan and his Board of Directors for all the work that they did last year to make a difference in the lives of people in our community and in communities all over the world.

I wish Incoming President Kajentheran Virdhasalam and his Board of Directors the very best. I am confident that working together they will achieve their goals and take the club to greater heights.

Make a difference by serving humanity.

Sincerely,

PDG Dr. Rajindar Singh
District Membership Chair

HISTORY OF ROTARY

The world’s first service club, the Rotary Club of Chicago, was formed on 23 February 1905 by Paul P. Harris, an attorney who wished to capture in a professional club the same friendly spirit he had felt in the small towns of his youth. The Rotary name derived from the early practice of rotating meetings among members’ offices.

Rotary’s popularity spread, and within a decade, clubs were chartered from San Francisco to New York to Winnipeg, Canada. By 1921, Rotary clubs had been formed on six continents. The organization adopted the Rotary International name a year later.

As Rotary grew, its mission expanded beyond serving club members’ professional and social interests. Rotarians began pooling their resources and contributing their talents to help serve communities in need. The organization’s dedication to this ideal is best expressed in its motto: Service Above Self.

By July 1925, Rotary had grown to more than 2,000 clubs and an estimated 108,000 members. The organization’s distinguished reputation attracted presidents, prime ministers, and a host of other luminaries to its ranks — among them author Thomas Mann, diplomat Carlos P. Romulo, humanitarian Albert Schweitzer, and composer Jean Sibelius.

ROTARY IN MALAYA

James Davidson was Vice-President of Rotary International in 1926/27. In 1921, he formed clubs in Australia and New Zealand, and was now asked by Rotary to look into the expansion of Rotary into the Middle East and Far East. Davidson embarked on his journey in April 1928. He requested letters of introduction from Rotarians, heads of state and politicians, such as Neville Chamberlain. On arriving at a destination, he made went to see the most important civil servants, businessmen and professionals there and talked to them about forming a Rotary club.

During his trek through 25 countries, he interviewed 2,200 people and formed 23 clubs, earning him the title, the Marco Polo of Rotary. Incidentally, RI gave Davidson $8,000 for the mission. In the end, he spent about $250,000 of his own money.

The seven clubs Davidson helped to organise in Malaya were the clubs in Seremban, Kuala Lumpur, Ipoh, Klang, Singapore, Malacca and Penang.
Davidson observed Malaya enjoyed “a happy atmosphere with several racial groups living in harmony to a degree rarely existing elsewhere and a desire on the part of all that this relationship should continue. All foresaw, however, that there was rather more possibilities for its gradual disappearance than for its development. Why not, therefore, some machinery to assist in maintaining this happy status and to promote further goodwill?"

The third club formed in Malaya was the Rotary Club of Ipoh, first organised on 11 October 1929 and chartered on 18 January 1930 with charter No.3270.

The club’s first president was Major GN Steven. Apart from British civil servants and businessmen, there were also several prominent Asian charter members, such as Dato’ Panglima Kinta Haji Md Eusoff bin Dato Yusoff (who in 1933 became the first Malay president of the club), CH Labrooy and Leong Sin Nam.

The fact that Asians joined Rotary (in Ipoh as well as other clubs) is worth noting as the following comment makes clear:

“While the Ipoh Club was a “Whites only” club, making exceptions for the Malay aristocracy, the Rotary Club, Ipoh, was an important organisation for social networking between public-spirited professionals across the colour bar.”

Malayans’ Unique Classifications

James Davidson persuaded RI to change the classification system to allow for the unique circumstances he found in multi-racial societies such as Malaya’s. The rules were quite strict then: just one member per classification. Davidson explains the problem:

“I found the Rotarians of Malaya very much interested in obtaining an alteration in our classification system along unique lines to which I had never before given thought. Feeling that the mission of their club should be the development of friendship among various racial groups, they desired to take in members not alone on a basis of difference in vocation but on a difference in race as well. Thus they had as members a Chinese, an Indian, and a European barrister, each one a specialist in the law of his own people. I found myself in sympathy with this interpretation of our classification rules.”

There was also a case of the Malay and Chinese doctors both of whom belonged to the Singapore Rotary club. Davidson also encountered some unusual classifications:

“In the clubs of Malaya there are unique yet legitimate classifications. For instance, we have a ‘Malay Chief’ as a member. A Malay Chief is a headman of a district who renders service only to Malays. His office and duties are quite different from those performed by the British district officer. The post is not elective but hereditary.”
History of Rotary Club of Teluk Intan

The Rotary Club of Teluk Intan was chartered on 11 August 1952 as the Rotary Club of Teluk Anson, Federation of Malaya, under Rotary International District 46. It was the first club to be chartered after the Second World War and the sixth club in the Federation of Malaya. The other clubs being the Rotary Clubs of Seremban, Kuala Lumpur, Ipoh, Penang and Taiping.

There were 25 charter members and the Charter President was Dr. Ibrahim bin Haji Mohd. Yassin, a dental officer with the Infant Welfare Centre, Teluk Anson. The club meetings were held at 1pm on Tuesdays, at the local Rest House. On the 3rd Tuesday of every month, there was a Dinner meeting at 6pm. The admission fee was M$20 and the annual membership fee was M$48.

The Sponsor Club was the Rotary Club of Ipoh and the District Governor’s Special Representative was its President Leong Min On. The District Governor at that time was Khoo Teik Ee.

In 1952, Teluk Anson, as the town was then called, had a population of 22,961. The Rotary Club was first organized on 4 March 1952. The club president applied for membership in Rotary International on 20 May 1952 and, in his recommendation to Rotary International on 7 June 1952, the then District Governor of R.I. District 46, Eusoff, wrote:

“The prospect of a Rotary Club was examined as early as 1951 during the Presidency of H. Wakefield of the Rotary Club of Ipoh. An extension survey was carried out by President Leong Min On; he was assisted by H. Haines a Past District Governor (in China) now a member of the Rotary Club of Ipoh. The inaugural meeting was attended by seven members of the Ipoh Club.

I visited this Provisional (Club) on two occasions --- on the last one, I conducted a Club Forum.
Teluk Anson is the Chief Port for the State of Perak and in a very important rubber planting area. It is about 70 miles from Ipoh.”

TOP 5 REASONS TO ERADICATE POLIO

1. To improve lives.
16 million people are walking today who would have otherwise been paralyzed.

2. To invest in the future.
If polio isn’t eradicated, within 10 years, as many as 200,000 children could be paralyzed by it each year. A polio-free world will be a safer world for children everywhere.

3. To improve child health.
Polio surveillance networks and vaccination campaigns also monitor children for other health problems like vitamin deficiency and measles, so they can be addressed sooner.

4. To save money.
A polio-free world will save the global economy $40-$50 billion in health costs within the next 20 years.

5. To make history.
Polio eradication would be one of history’s greatest public health achievements, with polio following smallpox to become only the second human disease eliminated from the world.
